Presented By: **Qiro**

# About Us

## → Who We Are ?

Qiro delivers advanced industrial air solutions that drive innovation, sustainability, and efficiency for a smarter, greener future.

# Our Vision & Mission

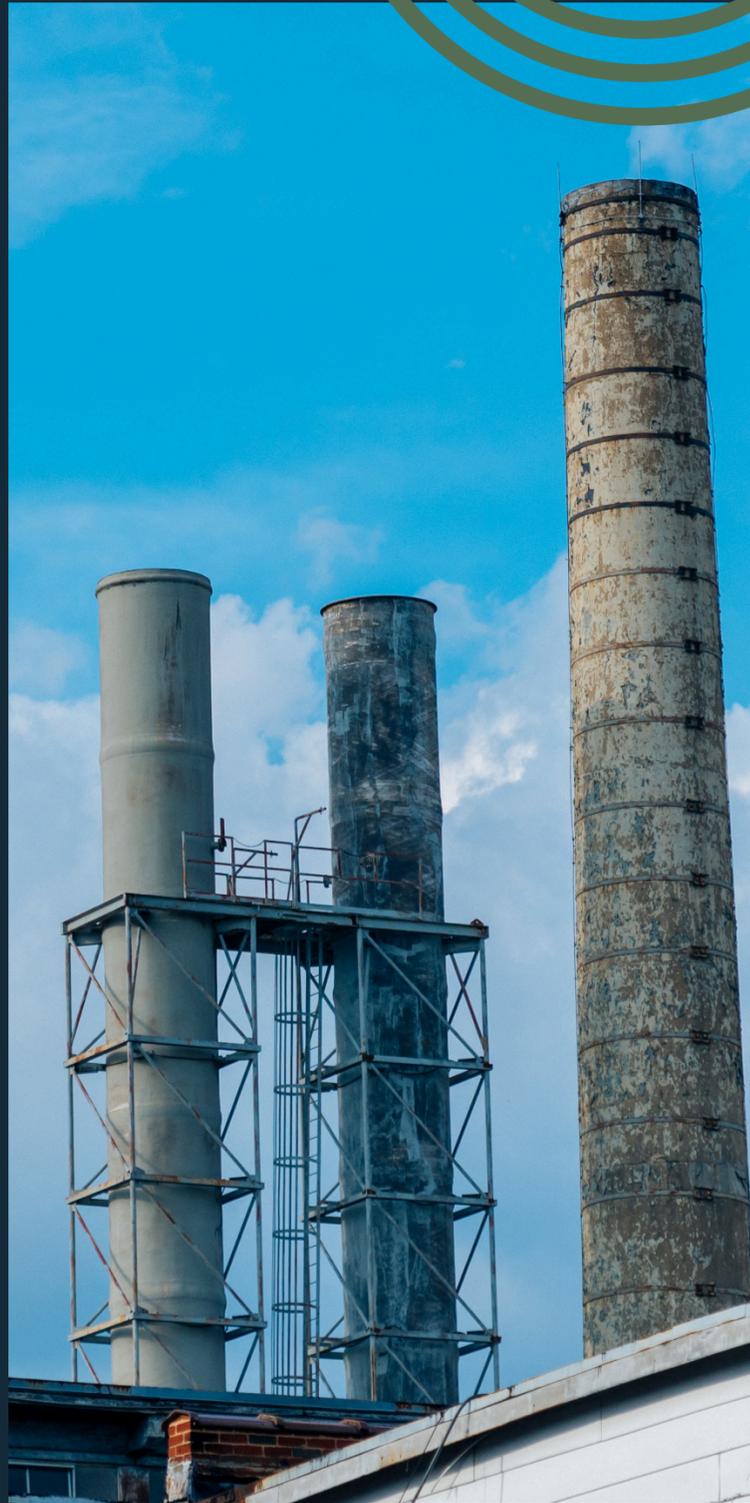

## **Vision**

Providing smart air-handling solutions to enhance efficiency, cut environmental impact, and power global industries.

## **Mission**

Delivering advanced radial fans and blowers that boost efficiency and empower industries globally.

# The Problem

High energy costs, inefficient airflow processes, rising sustainability pressures, and global supply chain disruptions

# Market Opportunity

## The Global Industrial Market

The \$1T+ industrial solutions market is rapidly growing with Industry 4.0. Qiro captures this through specialized sectors like Automotive, Energy, and Marine.

# Products & Services

## Industrial Solutions

Smart manufacturing and advanced automation systems for efficient, sustainable industrial growth.

## Engineering Services

Customized design and tailored development solutions for diverse industrial clients worldwide.

## Sustainability Programs

Sustainable industrial growth powered by smart energy efficiency and cutting-edge green technologies.

## Consulting & Training

Helping industries adopt advanced digital and sustainable practices for long-term growth.

# Traction & Achievements

Think Unlimited milestones

Successfully partnered with 50+ industrial clients across multiple sectors and long-term value.

Developed and implemented patented smart automation systems that enhance efficiency and sustainability.

Recognized as an Emerging Industry Innovator (2024) in prestigious regional awards for outstanding excellence.

# Financials & Growth

Projected Growth & Revenue

## Year 1

Achieved \$15M revenue from diverse product sales and consulting services worldwide.

## Year 2

Generated \$35M revenue through expanded industrial partnerships and strategic collaborations globally.

## Year 3

Achieved \$75M revenue through international expansion, IP licensing, and global market growth.

# Thank you so much
